

Available Position Requisition

Heavy Equipment Operator

Buffalo, NY

TurnKey Environmental Restoration together with our sister company, Benchmark Environmental Engineering & Science provides integrated environmental services for investigation, remediation, and redevelopment of environmentally-challenged properties throughout Western New York from our Buffalo, New York headquarters.

Scope of Position

We seek a full-time Heavy Equipment Operator to support environmental remediation projects and facilities located throughout Western New York. CDL license preferred. Requirements include:

Duties

- Operation of heavy equipment such as excavators, wheeled loaders, tracked loader, bulldozers, and dump trucks as needed at facilities throughout Western New York.

Qualifications and Capabilities (will train some if highly motivated)

- Experienced in proficient use of above equipment preferably on remediation or commercial development projects
- Good vision and hand-eye coordination
- Self-motivated and a self-starter after basic training.
- High School or Associates technical degree
- Valid and clean driver's license. Prefer a CDL Class B license

- Pass a company paid baseline and periodic health physical and drug screening, as required.
- Walk up and down steeply sloped terrain.
- Work indoors and outdoors in all weather conditions.
- Lift and carry a minimum of 50 pounds.
- Attentive to health & safety regulations, company/job site requirements and project details, schedule and budget.
- Be available to work weekends occasionally as needed.
- Work cooperatively with others.
- Communicate clearly and effectively verbally and in writing.
- Basic computer skills and proficiency with basic Microsoft programs (Outlook, Word, Excel)

This is a full-time position with comprehensive benefits and competitive compensation. Build your career as we help rebuild Western New York and participate in Buffalo's renaissance! Our convenient professional office offers a casual work place, free parking and on-site gym.
