

Position Title

Senior Civil Project Engineer

Buffalo, NY

Are you interested in a career working on some of the most exciting redevelopment projects in Western New York? Benchmark Environmental Engineering & Science, PLLC is a professional engineering company that specializes in civil and environmental design and redevelopment projects. Our sister company, TurnKey Environmental Restoration, LLC provides construction and environmental services. Together Benchmark & TurnKey offer integrated design/build/operate services for investigation, remediation, and redevelopment of environmentally-impaired and underutilized properties throughout Upstate New York from our Buffalo, New York headquarters.

Scope of Position

Benchmark Environmental Engineering & Science is seeking a top-notch senior-level project engineer to join our growing team of professionals in our Buffalo, NY office. This diverse & challenging position includes implementation and management of projects involving: civil site design for commercial & industrial developments; development of grading plans and design of storm water controls; wastewater treatment facility design; and landfill expansion and closure.

Build your career as we help rebuild Western New York and participate in Buffalo's renaissance! Our convenient office offers a casual work place, free parking and on-site gym. Comprehensive benefits and competitive compensation. Submit your resume in confidence to admin@benchmarkturnkey.com

Required Qualifications

- BS civil/environmental engineering
- AutoCAD proficiency
- 4-10 years related experience
- Strong technical skills

Desired Qualifications

- P.E. License and/or
- MS degree
- Well developed verbal and written communication skills
